How to use your cards

1. Print

Print the pages for your breed (or the any-pet pages) on US Letter paper or light card stock.

2. Fill in

Add their name and the date — this is the card they'll be photographed with for years.

3. Prop & snap

Prop the card next to your pet — or hold it — and snap the photo. The card's the sign; your pet's the star.

4. Share the day

Tag your post #GetPawmarked so fellow breed people can find you.

One more thing…

Pawmarked is opening soon: breed-specific gifts, custom portraits from your photo, and printables for every milestone. Founding list members get 15% off launch week — you're already on the list. Welcome home.
